THE NATION'S FAVORITE SANDWICH COMES FULL CIRCLE

By Erin Jackson

If you don't want none unless you got buns, hun, then it's time to grab some culinary booty. May is National Hamburger Month — as if we needed another reason to wrap our fingers around some of America's finest burgers.

barleymash: All American

Fans of classic burgers will appreciate the simplicity of this patriotic option served on a soft and spongy barley-beer bun (made in-house). A smear of ale-wabi adds a touch of intrigue to the otherwise straightforward presentation, made complete by melted American cheese draped over a perfectly grilled beef patty. **600 Fifth Ave., Gaslamp 619.255.7373, barleymash.com**
